

Technology Leadership Development Program

BD (Becton, Dickinson and Company), a leading global medical technology company, is seeking high-potential talent in the engineering, computer sciences, and life sciences for full time positions at the Technology Leadership Development Program (TLDP). The TLDP consists of three progressively more challenging rotations that span multiple businesses and geographic locations within the company designed to strengthen the candidate's technical expertise and leadership skills. Qualified candidates must possess, or soon to be graduated with, a **PhD or thesis-based MS** degree.

Information session:
