The student must have a verifiable internship offer letter from a company.

**Repeatable:** Yes

**Required Readings and Supplementary Materials:** None

### **COURSE OBJECTIVES**

- Students will produce three (3) internship reflections of his/her/their work activity, problems investigated, significant results, and any follow-up projects they may engage in.
- Students must complete the SkillSurvey Career Readiness Self-Assessment.
- Students' internship supervisors should also complete the SkillSurvey Career Readiness report, acknowledging students' work and communication skills.

### **INTERNSHIP COMPONENT DESCRIPTION**

The student must gain part-time or full-time practical work experience in his or her field of study. The internship must be located at an off-campus facility. Students must provide three (3) internship reflections before the conclusion of their internship. The student and internship site supervisor must also complete a SkillSurvey Career Readiness Assessment as part of this course's internship component requirements.

### **COURSE ASSIGNMENTS:**

#### **1. Syllabus Quiz**

Students must complete a syllabus quiz and pass with a score 80% or higher to obtain credit for this assignment. This quiz was designed to ensure all students read the entirety of their syllabus and takes ownership of completing all the assignment within the due dates of this course. The

quiz will be located in Brightspace and students will need to login to Brightspace to complete this assignment by the end of the first week of their internship or **October 30, 2024** whichever comes first. Students will only receive 3 chances to pass the quiz with 80% or higher, so please make sure you review the entire syllabus before taking the quiz. This is not an optional assignment and must be completed in order receive credit for this class.

## **2. Reflections**

During the semester, the student will submit three internship reflections based on his/her/their internship progression. Internship reflections may include work activity, problems investigated, significant results, and any follow-up projects they may engage in. These reflections must meet all of the following criteria.

- Internship reflections must thoroughly answer each question in paragraph format with a minimum of 2-3 sentences for each question.
- All reflection submissions must generate a Turnitin Similarity. The course coordinator will review the Turnitin grade and students will be expected to write new statements or reflections if your answers show a significant amount of your response is highlighted (words highlighted in red means it is copied from previous submissions). Samples of internship reflection questions are available for review at the end of this syllabus.

## **3. Skill Survey (Performance Evaluation):**

Viterbi Career Connections utilizes SkillSurvey for the online evaluation process for ENGR 597. SkillSurvey is part of the Career Readiness Project which leverages proven HR technology to improve the evaluation process and provide students with feedback on how “career-ready” they are following an internship. Review this [infographic](#) to see how the process works.

Near the end of the semester, you will receive an email from Skill Survey directing you to enter your supervisor’s contact information. You do not upload your contact information in Brightspace, you must enter this information from the link you get from SkillSurvey directly. This link can only be provided by Skill Survey and it is unique to you. The course coordinator can not send you this link, please do not email them to ask for the link. Your supervisor will then receive an email with an electronic link along with instructions on filling out the performance evaluation. They will also be given a deadline and informed the performance evaluation is required for course credit. Once you provide your supervisor’s contact information into Skill Survey and complete the self-assessment, take a screenshot of the completed process and upload it into Brightspace (Bright Space). **Steps to complete this assignment:**

- SkillSurvey Career Readiness report information will be directly emailed to you and submitted through the SkillSurvey platform.
- Students must upload the supervisor’s contact information in SkillSurvey by the due date assigned.
- Students must complete the SkillSurvey Career Readiness Self-Reflection Assessment by the due date assigned.

- Once you provide your supervisor's contact information to Skillsurvey and complete the self-assessment, take a screenshot of the completed process and upload into Brightspace.

This is not an optional assignment and must be completed in order receive credit for this class.

\*Please do not email the course coordinator to request the Skill Survey link, they do not have access to it. Please review your USC email inbox to find the link sent by Skillsurvey. This was sent on November 4, 2024. If you can not find the email after reviewing your spam box please email Jacquelyn Gourley, [Jacquelyn.Gourley@icims.com](mailto:Jacquelyn.Gourley@icims.com) Please make sure you provide your USC email address, your course number, and semester (ENGR 598 Fall 2024)

**If you work for an organization that DOES NOT complete external performance evaluations, you must inform the Course Coordinator at least one week in advance of the deadline by emailing Patty Wiesbach-Leach at [engrinternshipcourses@usc.edu](mailto:engrinternshipcourses@usc.edu) . You will then put Patty Wiesbach-Leach as your supervisor in the Skill Survey System so you can complete the self-assessment portion of this assignment.**

#### **INTERNSHIP COMPONENT ASSIGNMENT SUBMISSIONS:**

All assignments must only be submitted through Brightspace. **NO ASSIGNMENTS CAN BE SUBMITTED BY EMAIL.** In addition, all reflection submissions on Brightspace must be in Word or pdf format with a Turnitin score, assignments without a Turnitin score cannot be graded. Please do not send your assignments by email to the course coordinator as it will not be accepted. Skillsurvey Career Readiness report information will be directly emailed to you and submitted through the Skillsurvey platform only. Your Course Coordinator does not have access to this link or edit any supervisor information you may have submitted.

Some students enrolled in this course may sign a Non-Disclosure Agreement (NDA) with their employer, common in engineering organizations. **If the employer must review any assignments before submission, it is the student's responsibility to plan accordingly to avoid late submissions.**

If a different standard or format is used other than an internship reflection, it must meet the same intellectual standard described in this syllabus. This is typically only applicable in the case of an unexpected cancellation or shortened internship. In this case, the internship component course manager will document the definition of an alternative deliverable of intellectual merit equivalent to an internship reflection.

#### **Non-Disclosure Agreement Information**

**If you are collaborating on research with a faculty member, it is your responsibility to inform him/her/them of your NDA.**

An NDA should not impact your ability to complete class assignments. Students who have NDAs produce reports with general details on the work completed as part of their internship, not disclosing any project specifics or sensitive information. Assignments can focus on your professional skills and career

development attained during your experience.

In the course of the internship, the student must not violate the company's policies on Intellectual Property and/or confidentiality. However, sufficient responses must be included in the students' internship reflections to demonstrate meaningful experience and work has been completed. **If any assignments must be reviewed by the employer prior to submission, it is the student's responsibility to plan accordingly to avoid late submissions.**

**TECHNOLOGICAL PROFICIENCY AND HARDWARE/SOFTWARE REQUIRED:** You must have access to the internet to submit required internship reflections and SkillSurvey Career Readiness surveys.

**REQUIREMENTS FOR THE INTERNSHIP COMPONENT:**

- Students must complete all CPT-related paperwork with the supervising professor by the drop/add deadline of the semester. (International students only.)
- Students must be employed at a company for a minimum of 8 weeks.
- Students must submit three (3) internship reflections on Brightspace.
- Students must complete the SkillSurvey Career Readiness Self-Reflection Report by the due date assigned.
- Students must complete the upload of the supervisor's contact information in SkillSurvey by the due date assigned.

**GRADING POLICY**

All components listed are required with a passing score in order to pass this course. This course is graded credit/no credit. Failure to meet the criteria in this syllabus is grounds for receiving a grade of NC (No Credit). **Successful completion of the course is required to be considered for future CPT authorizations.** For more information regarding CPT policies, please refer to <https://ois.usc.edu/employment/>.

**INTERNSHIP COMPONENT GRADING BREAKDOWN:**

- Syllabus Quiz, completed on Brightspace - **20%**

- Internship reflection #2 uploaded to course management system - **20%**
- Internship reflection #3 uploaded to course management system - **20%**
- SkillSurvey Career Readiness Report - **20%**

**INTERNSHIP COMPONENT ASSIGNMENT RUBRICS:**

Reflection is an integral part of the learning process. Students will submit three (3) internship reflections throughout their internship. These reflections will ask students to review their internship location responsibilities and think critically about their professional growth. Each reflection will ask for updates and outcomes of the work and prepare them to discuss with their site supervisor or future interviews. While there is no required word count, internship reflections must

- Thoroughly answer each question in paragraph format and have a Turnitin Similarity score below 10%.

- Do not use any form of NLP (Natural Language Processor) such as Chat GPT. Even simple forms of AI assistance may constitute as plagiarism.
- work submitted must be your individual effort and should not come from external sources as these are reflections. Failure to do so is considered plagiarism and constitutes an academic integrity violation.

### **GRADING TIMELINE:**

- Syllabus Quiz - **Due by Oct 30 or 1st Week of the start of your internship**

- Internship reflection #2 uploaded to course management system – **By end of 2-4 weeks of internship but no later than Dec 2**

Students must make the request prior to Dec 2, 2024 unless you have documentation indicating that your emergency prevented you from communicating with us in advance.**

**In addition, extension requests due to employers requiring to review assignment submission will not be approved. It is the responsibility of the student to ask their employer the first week of their internship if their employer requires them to submit their assignment in advance for review prior to submission. The student should have all assignments completed in advance for their employer to review, calculating additional time prior to the due date of the assignment. Some employers will ask students to provide them 10-15 business days to review prior to allow the student to submit their assignment. Please prepare in advance as extensions will not be granted for this reason.**

#### Frequently Asked Questions (& Answers)

- 1. I don't know how to upload the supervisor's contact information for the skillsurvey assignment/I don't see where I can upload my supervisor's contact information on Brightspace, can you please help me?**

Uploading your supervisor's contact information is not submitted in Brightspace. To upload your supervisor's contact information you must find the email directly sent from Skillsurvey. The email sent from Skillsurvey provides you with a unique link to enter this information and the course administrator can not send you a copy of the link. Please review your USC email inbox to find the link sent by Skillsurvey. This was sent on November 4, 2024. If you can not find the email after reviewing your spam box please email Jacquelyn Gourley, [Jacquelyn.Gourley@icims.com](mailto:Jacquelyn.Gourley@icims.com) Please make sure you provide your USC email address, course number, and semester (ENGR 597 Spring 2024). Once you complete this process you will **upload a screenshot of your completed self-assessment in Brightspace under assignments**. If you do not upload a screenshot on Brightspace you will continue to get reminders your course is incomplete even if you completed the process on Skill Survey platform

- 2. I entered my Skillsurvey contact information and completed my self-assessment, but I got an email saying I did not complete the assignment, can you please check to see if you received that information?**

You received an automated email message from Brightspace indicating you have not completed the assignment because you only completed the process on Skillsurvey. To complete your assignment, please complete the self-assessment portion on Skillsurvey and then take a screenshot of your completed self-assessment and upload it into Brightspace under assignments

- 3. I submitted my assignment/re-submitted my assignment, can you please grade/re-grade it?**

The course administrator for all ENGR courses does not review grades daily, in addition, due to the high volume of students and grade submissions, obtaining a new grade can take up to 8-10 business days. Please be patient as we review all student submissions.

- 4. I think I completed all my assignments, can I ask the course administrator to review all of my submissions to check I did everything correctly?**

It is the sole responsibility of the student to review the course syllabus, and Brightspace to make sure all assignments are completed. The Course Administrator cannot review each submission you complete and respond to your email inquiries to check your work. Please do not email the Course Administrator each time you submit your work to check on the status. Due to the high volume of students enrolled in Internship Courses, it is not feasible to respond to email inquiries to check student assignment submissions.
