Innovating the Future of Textured Hair Care

We're looking for **Mechanical Engineers** passionate about product design, material science, and user-centered innovation to help us shape the next generation of textured hair care solutions.

We're seeking someone to **advise and collaborate with our team this semester**, with the potential for a paid opportunity in Spring 2026 as we move toward prototyping.

**Scan the QR** code to fill out our interest form and reach out to [casearcy@usc.edu](mailto:casearcy@usc.edu) to learn more!
